

FONTLEY WAY DROP-IN EVENT AUGUST 2019

POSTED: 07/08/2019

Following two consultation events in March 2019, the regeneration team held a drop-in event to inform residents about changes to the proposals and to address any concerns.

Changes to the proposals include:

Play: Following feedback from residents and discussions with planners it is proposed that the play area at Ibsley Gardens will be refurbished and improved rather than providing a new play area on Fontley Way.

Gardens: It is proposed that part of the private communal garden is converted into private gardens for ground floor maisonettes.

Construction Traffic: It is proposed that construction traffic enter the Fontley Way site via the existing entrance between Kimpton House and Crondall House. This will result in the temporary suspension of fourteen parking bays in front of Crondall House during construction, and options for alternative parking arrangements were presented at the drop-in event (see information boards).

Demolition: It is proposed that the demolition of the existing structure on the site will take place during the Autumn half term rather than during the summer holidays.

If you have any questions please contact the Regeneration Team by email at Roehampton@wandsworth.gov.uk or by telephoning 020 8871 6207.
